## NATIONAL CAPITAL

William J. Mills Appointed Chief Justice of New Mexico—Teller Resolution Reported.

## EXCITING CUBAN DEBATE

Members of Cabinet Called Upon for Information—Commissioner of Pensions Must Explain Recent Order Regarding Applications for Increase.

Washington, Jan. 18.—President McKinley today nominated William J. Mills, to be chief justice of the Supreme court of New Mexico.

In the Senate.  
Washington Jan. 18.—The senate committee on finance voted today to report the Teller resolution, declaring for the payment of national bonds in silver as well as in gold. The vote stood 8 to 5.

The resolution is practically the same as the Stanley Matthews resolution adopted in 1878. Those voting for the resolution were: Vest, Jones, (Ark.) White, Walthall, Turpie, Daniel, Democrats; Jones (Nev.) silver Republican, and Wolcott, Republican.

Against: Morrill, Allison, Aldrich, Platt (Conn.) and Burrows.

Senator Jones (Nevada) was not present, but his vote was, by his request, recorded in favor of the resolution.

Mr. Gallinger, of the committee on public health and national quarantine, today reported favorably the senate bill for providing for the investigation of the subject of leprosy. Mr. Vest, for the finance committee, reported the Teller resolution and gave notice that he would call it up at an early date.

The Frank Epps' Murder Incident.  
Senator Daniel (Va.) secured the adoption of a resolution directing the secretary of state to supply the senate with any information the department of state has respecting the killing of Frank Epps, a sailor on the U. S. S. Olympia, by Japanese subjects in the harbor of Nagasaki, Japan, in December, 1897, and inform the senate if any steps have been taken looking toward reparation.

Secretary of the Treasury Asked for Information.  
The resolution presented to the senate yesterday calling upon the secretary of the treasury for the reasons why the item of \$11,000,000, interest due the United States from the Union Pacific railroad had been dropped from his statement was agreed to.

Commissioner of Pensions Must Explain.  
Senator Allen (Neb.) called up the resolution calling for an investigation by the pension committee as to the authority of the commissioner of pensions to promulgate the order that no consideration should be given to applications for increases in pensions within 12 months after the last application had been made, and it was agreed to.

Urgent Deficiency Bill.  
In accordance with a notice previously given, Senator Hale (Me.) called up the urgent deficiency bill. The bill, as it passed the house, carried \$1,741,493, as reported to the senate it carried \$1,891,023. The bill passed after a few amendments were made.

The Kansas Pacific Railroad.  
Senator Foraker, of the Pacific railroad committee, asked consideration of the bill reported on yesterday, conferring upon the president the authority to bid in the Kansas Pacific branch of the Union Pacific and Senator Thurston announced that he would earnestly press the amendment conferring authority upon the president to sell the road in case it should be purchased by the government, and would oppose any authority to purchase the road unless the amendment was agreed to. It being evident that the bill would provoke extended discussion, Senator Foraker withdrew the request for immediate consideration. The senate went into an executive session.

In the House.  
Washington, Jan. 18.—In the house today, Chairman Taylor, of the committee on elections No. 2, reported that Thomas P. Clark who filed a notice of contest against Jesse F. Stallings, representing the Second Alabama district, had abandoned his contest and the committee therefore unanimously reported a resolution declaring Mr. Stallings entitled to the seat. The house resumed the consideration of the army appropriations bill. Mr. Sayers (Dem., Texas), raised a point of order against the provision requiring the pay of enlisted men to be paid by paymasters in person. The point was sustained and the provision went out of the bill.

The army appropriations bill passed the house and the diplomatic and consular appropriation bill was taken up. The minority served notice that they proposed to debate our foreign relations exhaustively.

Anti-Scalping Bill Reported.  
The house committee on interstate and foreign commerce, has reported the anti-scalping bill. There were but two dissenting votes.

Substitute for Anti-Scalping Bill.  
The house committee on commerce today voted to report the anti-scalping bill in the form of a substitute prepared by Mr. Sherman, of New York. The substitute follows the general lines of the original bill, with some additional features. It places a penalty on all railroad officers who deal with scalpers.

Exciting Debate on Cuban Question.  
Congressman DeArmond, (Mo.), offered as an amendment to the diplomatic and consular appropriation bill, a resolution for the recognition of Cuban belligerency, and when a point of order was raised against it, made a strong speech appealing to those who sympathized with the struggling insurgents to override the rules of the house, assert themselves and adopt the amendment now.

He declared that they could never explain their course to their constituents if they did not seize this opportunity. Congressman Bailey (Dem., Tex.), and a burst of applause, challenged Congressman Hitt, chairman of the committee on foreign affairs, to state the intention of those in authority to vote on the Cuban belligerency resolution. Mr. Hitt made no reply except to protest that Mr. Bailey was out of order. Congressman Hepburn, in a strong speech, sustained the point of order. Mr. DeArmond, thereupon, appealed

## CHARGED WITH MURDER.

Murder of Eustaquio Padilla, Indicted for the Murder of Faustino Ortiz, Began in District Court This Morning.

The case of the Territory of New Mexico vs. Eustaquio Padilla, charged with being one of the murderers of Faustino Ortiz, was called for trial in the Territorial District court, Chief Justice Smith presiding, on account of Judge Laughlin having had some connection with the preliminary hearing of the case as an attorney.

District Attorney Crist, Assistant Solicitor General Pope and R. E. Twitchell are prosecuting, and Messrs. O. A. Larrazolo and Geo. P. Meyer are defending.

Faustino Ortiz, who was well known about town, disappeared in March, 1890, and soon after a boy reported that he had seen a human foot protruding from the sand in an arroyo about one mile northwest of the city. The investigation that ensued resulted in the uncovering of the bruised and mutilated body of the missing man, which had been wrapped in some old gunny sacks and hastily buried in the sandy arroyo by the guilty hands that had committed the murder. If the body had been buried deeper, so that the sand would not have been blown from the spot, the mystery connected with the disappearance might never have been solved.

The body bore many and unmistakable marks of brutal violence. The skull had been broken with a heavy hammer, the tongue had been cut out, and other atrocious injuries inflicted that could only have been inspired by the most murderous, malignant and cowardly spirit.

It was alleged that the crime was committed by several persons in the office of the late Juan Ortiz y Rodriguez, then a justice of the peace in precinct No. 3, and Rodriguez was indicted for the murder, tried and acquitted. He died a natural death some months afterward. Subsequently evidence was secured that resulted in the indictment of Eustaquio Padilla last year for the murder of Ortiz and the burden of proof now rests on the territory.

## GREAT BRITAIN WILL RESIST.

Commerce of China Cannot Be Closed to England—Other Foreign Items.

London, Jan. 18.—The country generally is greatly pleased by the announcement made by the chancellor of the exchequer, Sir Michael Hicks-Beach, at Swansea last night, in which he echoed the previous declaration of Mr. Balfour, at Manchester, on the Indian question, of the government, and added that the ministers had determined, even at the cost of war, that Chinese commerce should not be closed to Great Britain. This second assertion is taken as outlining the government's position; and both the liberal and conservative newspapers commend the plain spoken words.

Formal Complaint Lodged.  
Paris, Jan. 18.—The minister of war, General Billot, has lodged with the minister of justice a formal complaint against Mr. Emile Zola and the manager of the Aurore. The complaint will be forwarded to the public prosecutor at once.

Will Not Reopen Sealing Question.

Hogs are being shipped east by the car load from the Pecos valley.

Springer is growing rapidly. Every man of any mechanical ability in the building line is employed.

The recent statement of the Exchange bank of White Oaks, shows that institution to be in a most flourishing condition.

The Santa Fe station at Magdalena was recently robbed of \$35 and a number of ancient coins belonging to the agent.

Medical aid could not save the little one, as it had taken too large a dose, reports the Springer Stockman.

A. C. Anstin, of Bonito, was in White Oaks Monday and Tuesday. Mr. Austin has a young orchard of several acres on his Bonito farm, that will begin bearing next year, and the great demand for fruit in the mining districts of this section of New Mexico insures ample home market for all the fruit that can be grown here for several years to come, and is one of the most profitable pursuits that can be followed, says the White Oaks Eagle.

The annual meeting of the stockholders of the Silver City National bank was held in the directors' room at the bank building last Tuesday afternoon. The directors afterward organized and elected James W. Gillett, president; T. F. Conway, vice president; J. W. Carter, cashier, and James S. ## Card of Thanks.

I desire to express my warmest gratitude to the ladies of Santa Fe for their liberality and kindness in my present bereavement. A stranger in a strange land, with no claim upon anybody's sympathy, words are inadequate to express the real depth of my feelings; but my heart speaks to those sympathetic friends, who headed and influenced by Mrs. Baca, have lightened my deep, recent sorrow. Dr. Knapp has my friendship and grateful feelings for life, for the assiduous attention and more than doctorly care he showed the deceased. I am indebted likewise to Mr. Hogle for his heartfelt sympathy and interest. Messrs. Twitchell and Duncan, who furnished me the means to transport the deceased home, will always be remembered with the warmest gratitude. I only trust that the future will afford me the opportunity to adequately show my appreciation of the kindness of all friends and that the day may not be far distant when I can repay both their beneficence and benevolence.
